

DISABLED SOLDIERS WILL BE CARED FOR

War Risk Bureau Announces Extensive Plans for Looking After Injured Troops.

CAMPS ARE MADE AVAILABLE

War Department Turns Over Seven Hospitals for Use—21 More Are Now Employed.

WASHINGTON, April 5.—An extensive program for caring for disabled soldiers after their discharge from military service was announced today by the war risk insurance bureau, which is charged by congress with this work. Twenty-one hospitals with a capacity of 1,500 beds already are in use and the war department has turned over to the treasury seven camp hospitals for care of disability cases. There are to be enlarged and improved out of the \$9,000,000 fund appropriated for hospitals for disabled soldiers to be controlled by the war risk insurance bureau and conducted by the public health service, another treasury agency.

When treatment in the hospitals of the war department fails to restore men to such condition that they are fit for active service and they are discharged, the work of the bureau of war risk insurance begins.

Under the provisions of the war risk insurance act all soldiers who are 10 per cent disabled from causes suffered in the line of duty, are entitled to compensation and to treatment by the bureau of war risk insurance. Any man disabled in the service and discharged from the service, may make application for treatment to the public health service station in his home town or at the nearest station.

Men who after discharge develop physical disabilities attributable to military service are entitled to treatment. The bureau of war risk insurance may be called upon to care for more than 25,000 cases of men discharged for tubercular tendencies, it was announced.

The war department has turned over to the treasury department for the care of disability cases, hospitals located at Camp Cody, New Mexico; Camp Hancock, Georgia; Camp Joseph E. Johnston, Florida; Camp Beauregard, Louisiana; Camp Logan, Texas; Camp Fremont, California; and at Perryville, Maryland. About \$750,000 will be expended for enlarging and inspecting these hospitals.

REPORT FOURTEEN DEATHS FROM SLEEPING SICKNESS

WASHINGTON, April 5.—Although 133 cases of lethargic encephalitis or "sleeping sickness" with 14 deaths were reported to the United States public health service up to March 29, officials of the bureau still are undecided whether the disease of the type prevalent in Europe, has reached the United States. In a statement tonight the bureau said it was impossible to say whether the figures give a picture of the prevalence of the disease, inasmuch as the disease is not generally reportable to the health officers.

"The diagnosis of most of the cases reported appears to have been based largely on the presence of stupor, a condition found in many other diseases," the statement said. "In the absence of any method of positively establishing a correct diagnosis and especially because of the failure thus far both in this country and abroad, to find a specific germ in these cases, the public health service is as yet unwilling to accept 'lethargic encephalitis' as a new disease."

PROPOSALS BY BOLIVIA MAY SETTLE DISPUTE

WASHINGTON, April 5.—Bolivia has placed before the peace conference in Paris a proposal which many officials and diplomats believe will result in a final settlement of the dispute between Chile and Peru over the provinces of Tacna and Arica. The proposal is that the provinces be given to Bolivia upon payment to Peru and Chile of 10,000,000 pesos each.

Under the original treaty between Chile and Peru ownership of the provinces was to have been decided by a plebiscite and the country to which the provinces adhered was to pay 20,000,000 pesos to the other in diplomatic circles it was said that Bolivia did not expect the matter to be taken up by the Paris conference; that the purpose in presenting it was to make it known to all the powers.

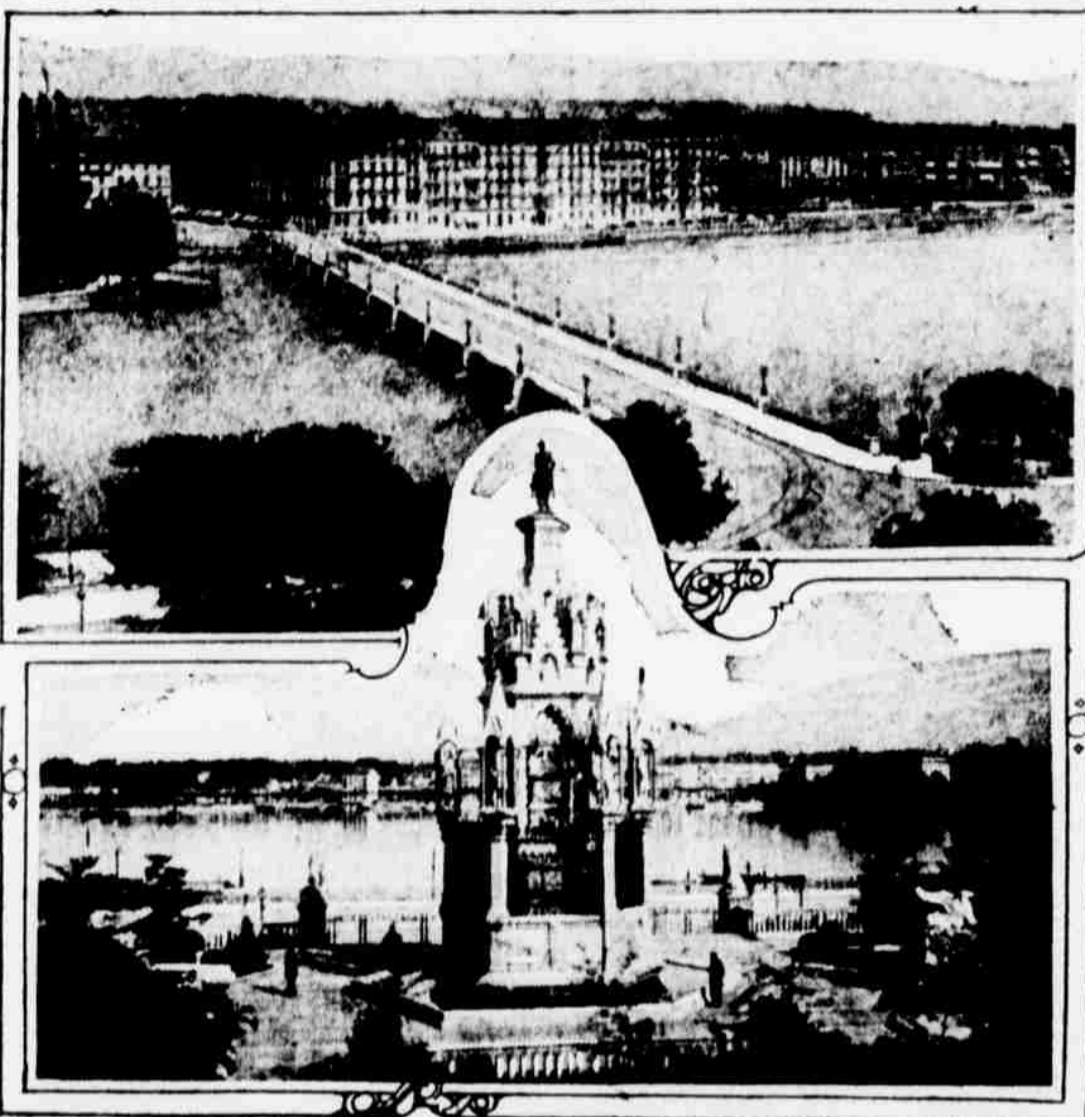

Oklahomans in New Orleans.
NEW ORLEANS, April 5.—The 12th field artillery, composed of Texas and Oklahoma men, passed through New Orleans tonight en route to Camp Bowie, where they will be demobilized. The organization of about 1,350 men, in command of Colonel Arthur B. Sholars of Orange, Texas, occupied three special trains.

Beer Revenue Stamps.
WASHINGTON, April 5.—Revenue stamps for beer containing 2.34 per cent of alcohol will not be sold by revenue collectors, pending receipt of an opinion from Attorney General Palmer as to whether the government should permit the brewing of such beer, considering it near beer, which may be manufactured under a presidential proclamation. Palmer's opinion is expected soon by Internal Revenue Commissioner Pendergast, spells out Mr. Small's.

Keeps Income Tax Tab.
NEW YORK, April 5.—A course of action intended to prevent foreigners leaving the country with income taxes unpaid has been arranged by the treasury and state departments. William H. Edwards, collector of internal revenue, announced tonight. Before an alien can obtain a passport, he said, he has to produce either a receipt for his income tax in full in date or an official statement that no tax is due.

Farm Writer Dies.
CHICAGO, April 5.—William R. Goodwin, widely known as a writer on agricultural subjects, died at his home here today. He was 64 years old.

Geneva May Be Seat of World League

Two views of Geneva across the Rhone. Lower photo shows the Red Cross building in foreground. Geneva, in Switzerland, cradle of the Red Cross, birthplace of Calvinism, town of clocks and watches and sturdy independence, may be chosen the world's convention city of the league of nations.

Geneva is centrally located, it is

one of the most attractive cities of Europe, and it was ostensibly neutral during the great struggle. It chosen as the nation's meeting place, it would combine convenience with magnificent surroundings and an equable climate. From its site at the corner of one of the most beautiful lakes in the world, Lake Ge-

neva, it commands a view of the Alps, including Mont Blanc and the Jura. In itself it displays many attractions—fine buildings, fine shops, fine parks and statuary—including the sculptured figure of the Duke Charles of Brunswick, who in 1873 gave Geneva his fortune of \$3,200,000.

Completion of Terrace Drive Gives a 15-Mile Motor Route

Beginning on North Denver, following the street south to Fifteenth street, turning east on Fifteenth street and following around in a circle to the starting point presents to automobile tourists about 20 miles of connected paved road and an ideal drive in Tulsa.

One of the most picturesque drives presents itself to automobile tourists going east on Fifteenth street taking in the Terrace drive, a new three-mile paved boulevard which was completed Saturday. A drive which takes in some of the best residence districts of Tulsa, including Greenwood, Ridgewood and Swan Park addition.

Looking from Terrace drive one can see the picturesque scenery of Tulsa and the surrounding country. High and clear from any obstruction the view of Tulsa makes it one of the most ideal places for a home. Perfect drainage from every standpoint and approximately \$5,000 worth of new shrubbery planted along the drive and the sidewalks makes it substantial looking despite the absence of houses.

With the completion of the proposed boulevard on Utica street, which crosses the Terrace drive, the scenery will be enlarged and the drive will become more popular during the summer evenings.

The new Terrace drive is a continuation of Fifteenth street and will make it an ideal place for a home is that the entire sector is restricted and a \$5,000 home is the cheapest that can be built in that neighborhood.

Another special feature that will add to its attractiveness will be the erection of a sunken garden in the center of the site. This will be the only garden of its kind in the city of Tulsa.

That home sites will be eagerly

sought in this section of the suburbs of the city is shown by the fact that plans have already been completed for six houses costing from \$10,000 to \$15,000 to be erected along the drive.

The new Terrace drive is the largest paved drive in Tulsa county and with the exception of three short blocks, is connected with the Hillcrest drive, which is in the north-eastern part of the city.

RAPS COURTS-MARTIAL FOR LACK OF SYSTEM

NEW YORK, April 5.—Lack of "a standardized system of punishment governing courts-martial" together with absence generally of "competent counsel" for accused men at their trials, are some of the "grave defects" in the present military system of the nation, it was asserted in a statement issued tonight by Maj. Roscoe Stewart, temporary secretary of a committee of the judge advocate's department, organized recently to effect "reform" of the military court.

These "defects," it was stated, resulted "in severe injustice to the soldiers who are so unfortunate as to be charged with military offenses."

The fact that the commanding officer who convenes the court and who must approve the finding before it is carried into execution, is bound only by his personal will and opinion was declared to be the cause of much injustice. Many men were tried who should never have been tried, it was asserted, because no preliminary investigation of the charge and evidence was made by law officers "to determine their legal sufficiency."

STOCKS OPEN STRONG BUT CLOSE IRREGULAR

Profit-Taking Results in Decline of Dealing After Active Beginning—Oils Suffer in Decline.

NEW YORK, April 5.—At the outset of today's short but active session of the stock market indications pointed to a further advance of the general list under the guidance of rails, but profit taking in that quarter, also among oils, and renewed pressure upon steels created an irregular tone at the close.

Southern Pacific, the feature of yesterday's demonstration among rails, failed to make more than fractional improvement at any time. Sales amounted to 256,000 shares.

The bank statement disclosed another large actual contraction of loans, a total of about \$47,000,000 in two weeks, but last week's decrease of actual reserves was replaced by a substantial increase.

Foreign bonds yielded slightly, but liberty issues and standard rails and industrials were steady. Old U. S. bonds were unchanged on call during the week.

DAYS OVER 4 MILLION HUNS WERE KILLED DURING FIGHT

BERLIN, Thursday, April 3.—Prussia's huge losses in officers and men during the war are indicated by a staff officer who writes in the Lokal Anzeiger. He submits figures compiled from the official casualty lists to show that 22,454 active officers at the front were killed, wounded or missing, out of a total of 34,559 and that more than 4,330,000 soldiers were killed, wounded or missing out of 10,178,600 who actually fought at the front.

He points out that these figures belie the stories sometimes heard that the Prussian officers did not attack with their men, and asserts that their losses were particularly heavy in the first two years, 1914 and 1915, when the war was in its early stages.

Germany started the war with 19,826 active Prussian officers and drew 14,524 more into the service.

ANNA CASE

Singing in direct comparison with the New Edison and proving that her performance and that of the instrument are indistinguishable.

Not merely a Pleasant Resource but an Actual Essential

WE'RE living at high pressure. Business cares; household worries; and then on top of it all the wearing strain of the war—these mean nervous tension. An evening of music means a let-down; complete relaxation for the tired nerves. Never was the solace of music more needed. And of all musical instruments none can offer such richness and variety as

The NEW EDISON "The Phonograph with a Soul"

After dinner the family gathers in the living room. You slip in a Re-Creation by Anna Case, some simple old ballad perhaps, like Annie Laurie.

Through the house peal the superb tones of that fresh young voice lending new beauty to the sweet old song. The last clear note trembles into silence. You sigh contentedly. You've forgotten the cares of the day, the worries of the world without.

Next the quartet from Rigoletto with Varlet, Alcock, Ciccolini and Middleton. Then Meditation from Thaïs played by Albert Spalding.

And so the hours fly. The world's greatest artists are giving you their all. Were they actually there in the flesh they could give you no more. This has been proved by the famous Edison tone tests in which the artists have sung or played in direct comparison with the New Edison. Over 2,000,000 people have heard these tests. And not one has been able to detect a shade of difference between artist and instrument. Unlike talking machines the New Edison does not merely imitate; it Re-Creates.

Let music sweeten and enrich your life. Call at our store for a demonstration.

The Suit's the Thing

For this Spring Is a Season of Suits

Every woman knows that a nicely tailored suit is the most practical addition to her wardrobe. We have a wonderful selection of Suits—Suits for sports, street and semi-formal wear—lovely creations.

They are smart, from their snug-fitting shoulders and "shoestring" belts, down their long, slim skirts to their close-fitting hems.

\$30.00 Values at
\$17.50

\$35.00 Values at
\$22.50

\$40.00 Values at
\$27.95

Capes and Dolmans

IN BECOMING, LOOSE FLOWING STYLES

Fashion shows decided preference for the Cape and Dolman with diminutive sleeves fashioned of silk or wool, as you desire. Tapering toward the hem, they achieve that wanted silhouette which means so much to the up-to-date woman. Choose your Easter wrap from our wide variety, which embraces a host of pleasing fabrics and colors.

\$20.00 Capes, \$12.45

\$30.00 Dolmans, \$19.95

Easter Waists

OF RARE DISTINCTION

When a woman chooses a fine Easter Waist she wants to be sure that not only the style but the material and workmanship are of the very best. Of such character are our fine waists.

\$5.00 Waists at \$3.45

\$6.00 Waists at \$4.45

\$10 & \$12 Waists at \$7.45

Lovely Easter Dresses

OF DELIGHTFUL ORIGINALITY

This Eastertime promises to be the most glorious of recent years. There is a glad note that women will express by the wearing of lovely apparel. So here are charming frocks ready for her choosing.

\$15.00 Dresses at \$8.57

\$20 Dresses at \$12.45

All Georgette, Beaded and Crepe de Chine—\$35.00—

at \$22.45

SKIRTS

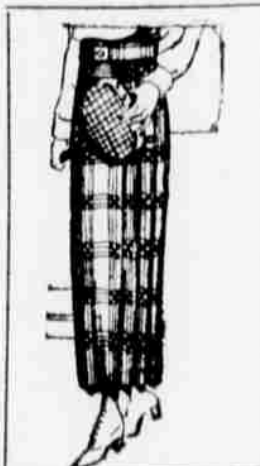

In the New Slim Effects

Made of fine grade of Taffeta and Serge are these separate Skirts, which suggest the bright, warm days that are coming.

50 Skirts, Serges, Silk Pöplins and Silks, at \$8.00

\$4.45

All kinds of Novelties, values \$12.50, for \$8.45

Young Women Have You A Profession?

We offer to untrained and ambitious girls, an opportunity to learn a profession, minus the usual initial expense, which often makes the entering of other fields prohibitive.

Our training school is a thoroughly equipped institution, having a corps of eleven instructresses, who have been trained especially for this work.

You receive a good salary during your term in the training school.

We have a splendid cafeteria, where wholesome meals are served at cost; also comfortable rest rooms.

Call at the School Principal's office and investigate. Room 205, Calumet building; phone Osage 2900.
